- Fish fry

THANK YOU FOR YOUR INTEREST IN ACEA!

Greater Austin Contractors & Engineers Association
Membership Application

The Greater Austin Contractors and Engineers Association (ACEA) was formed in 1983 to promote the business interests of those involved in designing and building Austin's infrastructure - its roads, utilities and subdivisions. It is a group composed of Central Texas engineers, contractors and associate members interested and concerned about maintaining a professional environment in and around Central Texas. ACEA monitors many issues which directly affect all of our businesses, including actions by the City of Austin and surrounding city and county governments. Membership is a great way to become involved!

Member dues are \$500.00 annually. The Association's calendar year runs from July 1 through June 30. Dues are prorated quarterly for those joining during the year.

Membership Categories

Contractor / Engineer: Any person, firm or corporation who is engaged in the utilities and street construction industry and engineering design of such utilities and streets in the Public Works infrastructure.

Associate: Any person, firm, or corporation which is a supplier of services, equipment, or materials.

Complete the following application, attach a company description, and email them to ACEA
